Hi everyone! My name is Sarah Collins and I'm 12 years old. This is my first year in 4-H and this is my steer, Copper. Copper is an Angus Charolais cross. He was born and raised right on our family farm. I joined 4-H because I love spending time with animals and wanted to learn how to take care of a steer. Working with Copper every day has taught me a lot about responsibility and patience. Outside of 4-H I like to play hockey, fast-pitch and volleyball. I've really enjoyed raising Copper this year and I'm excited to show him at the Show and Sale.

My name is Colton Christensen. I am 12 years old and I live on a farm north of Standard, Alberta. I am in grade 7 at Wheatland Crossing School. This is my first year in Beef 4H, and I did two years of sheep before this. My calf's name is Lucky and he is a red angus. My favourite thing about 4H is getting to have opportunities for things like public speaking and the chance to raise an animal. When I grow up I want to be an engineer. My hobbies are reading, playing hockey and playing piano.

Kroy Periard

Hi everyone, my name is Kroy Periard and I'm 12 years old. This year is my very first year in 4-H, and I've been raising my steer, Trigger, for the Rockyford 4-H Beef Show and Sale. Trigger is a Red Angus cross Simmental steer, and he's taught me a lot already this year. Since joining 4-H, I've learned how much work goes into caring for cattle every day. From feeding and grooming to spending time getting Trigger used to being handled, it has been a really fun experience and something I'm proud of.

This year I have learned a lot from my steer, Big John — from feed variations to grooming and taking care of him. I joined 4-H to meet new people and thought it would be a great way to learn more about agriculture. This year in 4-H has been very fun and definitely worth it.

Kaylee Nielsen

My name is Kaylee Nielsen and this is my second year with the Rockyford 4H Beef Club. My calf, Mike, is a straight bred Black Angus steer. His starting weight was 892 pounds. My goal for Mike this year is for him to be bigger than my calf last year. Mike is fed a 4H ration from Superior Feeds, as well as hay, twice a day. My favourite part of raising Mike is the funny things he does when you wash him, like sticking his tongue out when you rub his back. I hope to see you at this year's Show & Sale!

Through raising and caring for Clyde, I have learned valuable skills in daily feeding, animal health, responsibility, and livestock management.
