Veterinary Work: **BoviShield Gold FP5 & Ultrabac 7/Somubac**
 Implants: **Component E-S**
 Bid Basis: **FOB Farm**
 Price Slide: **50**
 Feeding Program: **11% grain, remainder oat hulls and silage**
 Weigh Location: **Feedlot truck scale**
 Weigh Conditions: **AM sort off empty bunks & weigh less 4%**
 Delivery: **Next week**

General Comments: **This is the heavy sort of 149 Char X steer calves! These are the top performers on a light backgrounding ration. Sample weight was taken February 13th of the heavier end weighing at 737 and calves have been gaining 2.2 lbs at day. Ready to go on feed and finish. Final count will vary and will make load to stay local or head East. Light end will go up a couple weeks and will make ideal grass calves!**

**Sequence #10
Lot #3**

Total Head:	125	Consignor:	Babcock Livestock
Sex:	Steers	Location of Cattle:	Consort, AB
Average Weight:	730	Described By:	Kirk Goldsmith 403-575-5654 & Bill Wilson 403-560-5265

	Plain:	0	0	0	Heavy: 0

Veterinary Work: **Bovi-Shield Gold One Shot, Ultrabac 7/Somubac & Draxxin last fall**
 Implants: **Revalor G**
 Bid Basis: **F.O.B. Feedlot**
 Price Slide: **80**
 Feeding Program: **45% poly silage, 44% corn silage, 10% barley, 1% supplement**
 Weigh Location: **Doerksen's ground scale**
 Weigh Conditions: **Weigh on the ground in the AM less 4% off empty bunks**
 Delivery: **Wednesday, February 25th**
 General Comments: **This is an exotic set of steers with tons of frame that are definitely green enough to work in a grass program. These steers are haired up and haven't been pushed and will arrive with lots of room on them to grow and get big. There will be some up and down, mostly coming from a handful of bigger steers. Check out the pics and video!**

Veterinary Work: **Vista Once SQ, Ultrabac 7/Somubac, Tasvax 8 & ivermectin on January 2nd. Cow herd on annual Bovi-Shield Gold FP5 VL5, UltraChoice 8 & Scour Bos. VBP+**
 Age Verified: **Yes (start of calving June 1st).**
 Implants: **None (NATURALS)**
 Bid Basis: **FOB Breault Ranching Ltd.**
 Price Slide: **60**
 Feeding Program: **Limit fed 30 lbs TMR (5.5 lbs rolled barley/peas, 22 lbs poly crop silage, 2.5 lbs lowland grass hay, vitamin/mineral pack with Deccox)**
 Weigh Location: **Breault Ranching Ltd.**
 Weigh Conditions: **Gather in AM off empty bunks, sort & weigh less 4% on ground.**
 Delivery: **April 1st - 7th (will accommodate trucks)**
 General Comments: **Excellent, green, quiet, even, NATURAL, Angus tagged, VBP+, BIXS & CRSB enrolled Red Angus crossbreds ready for grass or feed! Top sort from 850+ reputation ranch-raised steers with capacity & hair, weaned since late November. 67% either sired by Escalade 76A & sons, or out of Escalade 76A daughters & granddaughters, 33% sired by moderate, thick, quiet disposition Red Saler bulls out of Escalade 76A daughters, therefore more frame & muscle than previous years. Guarantee no bulls or stags. Have a look at pics & videos from last year, the boys were feeling healthy & happy and were more interested in playing & racing than standing for pictures when I was there 2 weeks ago! +/- with sort to fill two tridems east or west. Buyer of this lot has the option on the next lot at the same price! Don't miss these!**
