*Annual  
Bull Sale!*

**SATURDAY, MARCH 7, 2026 | 1:30 PM | AT THE RANCH - MOOSE JAW, SK**

## Please Join Us on March 7, 2026

20 years of hosting a bull sale and over four generations of selling bulls. Starting with numerous consignment sales and then stepping out into on our own with sale partners Mike McDonald and Mark Ferrara at Johnstone Auction Mart, a family ran business exceeding 50 years of family ties. This year marks a milestone for our operation.

Over 4 generations has allowed us to meet and get to know so many great people and families. It is the best part of the seed stock business. Thank you to our valued customers, your support over the years has been very much appreciated. Your support guides our program in producing rancher bulls that can go out and work in the commercial industry.

We have always placed a significant amount of time and effort into the selection of the herd bulls we use and the replacement females we retain in the herd. The cows behind these bulls are ran the same as our commercial cows, side by side. Udder quality is something we pride ourselves in. Disposition of our cowherd is second to none, without giving up vigor at birth.

We offer both horned and polled genetics and manage them under the exact same conditions. Our two year old bulls after weaning are basically backgrounded through the winter. They receive the same TMR ration as our heifer calves; meaning our yearling weights may not be as high as some you will come across. Then in the spring they go to native grass. We don't feed during the summer, it allows the bulls to grow and develop. With experiencing multiple drought years, we introduced the sale bulls to hay and grain in August, then trailed home December 1, 2025 and then introduced to a TMR ration

Our bulls are built to last with longevity in mind. These boys are stout made with tremendous muscle and tops. They are high in quality and have the ability to adjust to any condition. Buy with confidence, they will out produce themselves.

Looking forward to visiting Sale Day!

Luke's 15E cow has done it again. She has consistently produced bulls at the top end of the bull pen the past 5 years and she has a yearling in this year's sale Lot 15.

You will notice all the 42J's are called "Marty." Marty 106M has been a standout with his solid red marking and goggle eyes (on both sides). He is a larger framed, hairy bull that is square made with a round quarter. Really like the look of this bull.

22M is a very complete bull - short marked being brown to the ground with super eye pigment and great testicle development.

His mother, 19G, is a solid producer, with a nice udder. We have calved out 2 sets of 7J daughters and they are phenomenal - flat, small teats with lots of milk.

In 2025, we used 22M on our cows, can't wait to see what we get.

This is true herd bull in the making. You won't find many bulls with the extension through the front end, depth of chest and big rip shape and overall style. Possibly one of the stoutest Hereford yearlings to sell this spring. Tremendous thick hair coated calf with exceptional scrotal development for a middle of March born bull.

25F is a favorite Bam Bam daughter that throws progeny with that extra stoutness and performance. Check out his actual WW, with no creep, just mamma's milk and brown dry grass.

14

**Terms:** The terms of the sale are cash or cheque payable at par at the sale unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until after settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released. The auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance to the sale with the owner or Sales Manager.

**Bidding:** Each animal is to be sold to the highest bidder. A reasonable price base may be set.

**Disputes:** In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters is final.

**Purchaser's Risk:** Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

**Announcements:** Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue. Buyers are cautioned to pay close attention to announcements.

**Certificate of registry:** Each animal will carry papers issued by the Canadian Hereford Association. A certificate of registry duly transferred will be furnished to the buyers for each animal after settlement has been made.

**Breeders Guarantee, bulls:** Should any bull (14) fourteen months of age or over, fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within (6) six months following date of purchase or (6) six months after the bull has reached (14) fourteen months of age. The seller will then have the right and privilege of (6) six months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze. In no event shall the seller be responsible for more than the purchase price. The seller is not responsible for damage caused by foreign

bodies after the animal has been sold nor for sickness not apparent at sale time. At no time shall the seller's liability exceed the purchase price of the bull.

**Exception guarantee:** In cases where the animal was subjected to hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

**Settlement:** Transportation charges on animals returned to the seller are for account of the purchaser. No incidental expenses such as feed, care, A.I., signing fees, interest, veterinary charges, etc., will be charged by either party when making settlement. If the seller is successful in proving the animal in question to be a breeder, the said animal will be reclaimed by the purchaser at his expense. Should the seller fail to prove the animal a breeder, then the buyer is guaranteed a satisfactory replacement F.O.B. ranch or location of origin or a refund of the actual price. Should a dispute arise over the quality of the replacement animal, the Sale Management will appoint a mediator.

**Accidents:** Although every precaution will be taken to protect the safety and comfort of buyers, neither the sales manager, auctioneer, or sellers assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property.

**Mail or telephone bids:** Bidders unable to attend the sale may phone or mail their bids and instructions to the sale manager, auctioneer, or special representatives. Bids must be received in sufficient time prior to the sale.

**Rights and obligations:** The above terms and conditions of the sale shall continue a contract between the buyer and the seller and be equally binding to both.

**Resale of animals following purchase in this sale shall constitute a separate transaction which is not covered by the terms and conditions of this sale.**
