Annual Angus Bull Sale!

Red & Black
23 Bulls

March 23rd, 2026

1 pm CST

At the Farm - Beechy, SK

Welcome to the Storebo Farm Annual Angus Bull Sale!

Welcome to the Storebo Farm Angus Sale. We would like to first off thank all the bidders and buyers for your support it is greatly appreciated. This year we have a strong group of bulls which includes the largest group of Black Angus bulls we have ever offered.

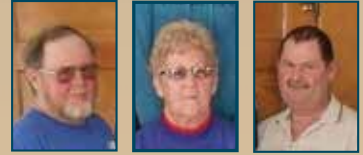

The Black Angus group this year have a variety of cow and heifer bulls. The group is led off by a pair of Conley South Point sons that have been really interesting to follow in the development. New this year are sons of FRL Rustler who we purchased from Forsyth Ranch as the high selling bull out of the 2024 Select Genetics Sale. Rustler is an intriguing bull as he calves extremely easy for us and his calves have excellent growth. The black group also includes a Chisum 6175 son and a Justified son who are worth a good look sale day.

The Red Angus group like the black group have cow and heifer options. This year will be the last group of Motivate sons on offer. The Motivate's have been popular over the last couple of years but unfortunately Motivate got injured prior to last season. A sire group to keep an eye on is the Mossy Oak's as they are a calving ease option with adequate performance.

If you had any questions please reach out to either Dale or myself.

Thanks

Bryce

54N is a son of the South Point Bull and our 53G Kodiak dam. 54N is another bull with performance and a respectable 84 lb. birthweight. 54N ranks in the top 7% for calving ease and 20% for birthweight EPD in the breed. With a pedigree that is stacked with South Point and HF Kodiak this takes away the guesswork on quality and consistency. A son of 53G sold to Daryl Ebbert.
