ROSSBURN, MB**

Welcome to the True North Horse Sale!

Our entire sales team wishes to personally welcome you to the inaugural **True North Horse Sale** in Rosssburn, MB once known as the Quarter Horse capital.

This sale was built with one goal in mind – to create an honest, respected and safe marketplace for good horses and good people here in Manitoba. We believe there is still tremendous value in the traditional way of marketing and selling horses: good horses shown honestly, buyers able to see them in person, and real horsemen standing behind what they bring to town.

To every consignor who put their faith in this sale – thank you.

Launching something new takes courage from everyone involved, and the support we received from our consignors has imprinted the sale forever. The quality, versatility and honesty of the horses consigned to this sale are what truly set the True North Horse Sale apart and gained serious attention across the industry. With nearly 1M views on Facebook leading up to sale day, it became clear very quickly that it was time for something like this.

This catalogue is filled with the kind of horses this region is known for – seasoned saddle horses, ranch horses, rope horses, family horses, dynamite prospects and impressive teams that have been tested and are trusted. Many have seen long days in feedlots, on ranches, down trails and in town. Horses built with minds, grit and usefulness are still of tremendous value, and we are proud to showcase them here today.

A sincere thank you goes out to the **Gladstone Auction Mart**, Tyler Slawinski (Auctioneer), Blaine Huston (Ringman), Rybecca Panchuk (Pedigree Reader), Buddy Prouse and Mike Brown (Ringmen), Josh Unrau (internet), Gerald Duiker and all the men that set up this sale ring and everyone working behind the scenes to keep this sale moving professionally and efficiently. I could not do have done this without you.

Thank you to Adrienne, Angie, Kim and Jane for the canteen, the Rosssburn Lions Club and Roseanne Yaremchuk for the beer gardens, Connie Kolosky, our Tally Gal, and every individual who stepped up to ensure the success of this event here in small town Rosssburn, MB.

We would also like to recognize:

- **Top Line Rodeo** for supplying the panels
- **KJ Bridgeman Farms** for the roping steers
- **Jody Coyote Design** for the logo and catalogue work
- **Rosssburn Municipality Council** for their support and encouragement
- **Rosssburn Ag Society** for the grounds and services
- **Countrified Photography** for capturing all the sale moments

The goal of the True North Horse Sale is to grow into both a spring and fall sale each year – a place where serious buyers can confidently come to find quality horses, and consignors can trust they are being represented honestly and professionally.

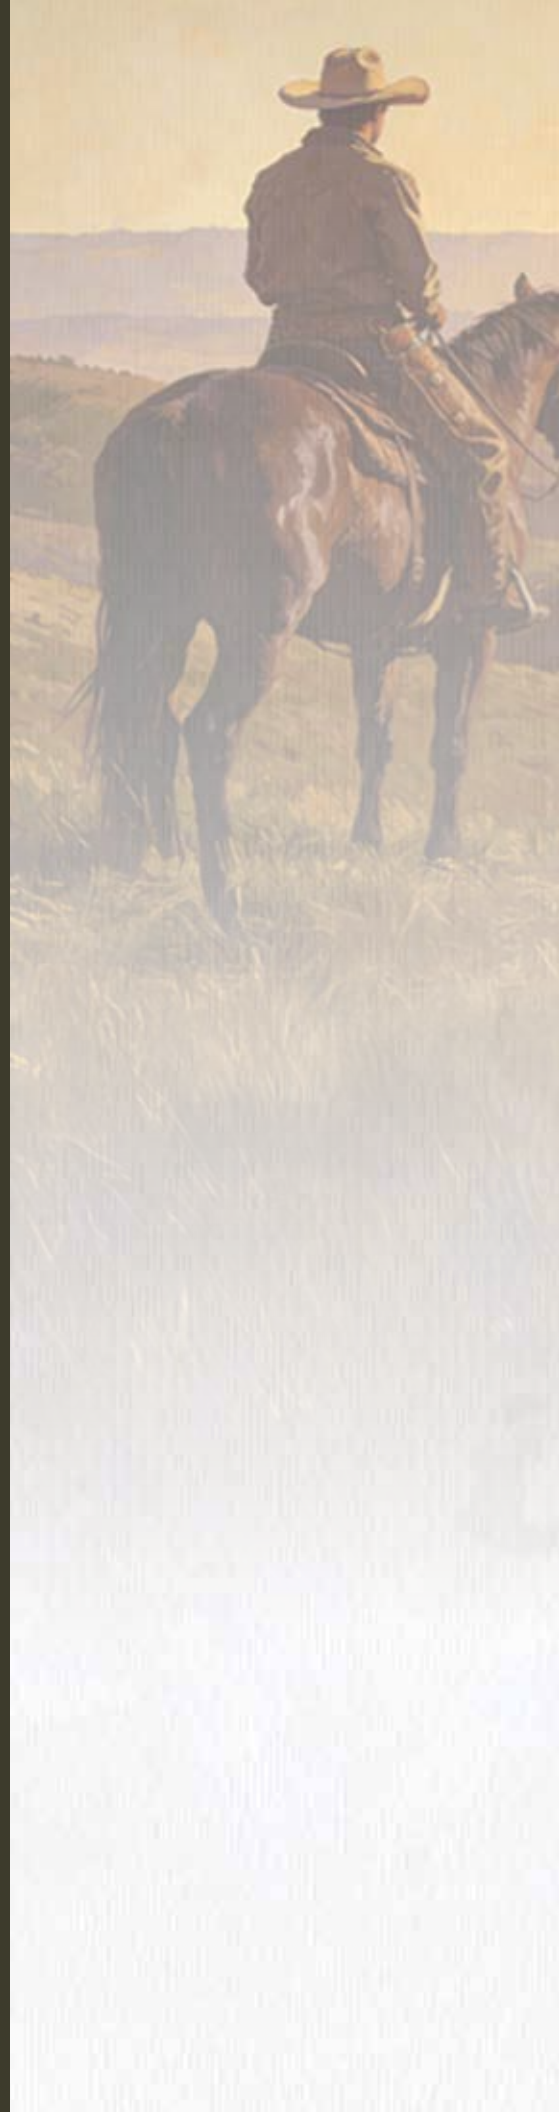

Our Fall Round Up sale has been tentatively scheduled for September 7th, 2026. We are also open to run your prospect and colt sales if there is an interest.

The True North Horse Sale was built on integrity, horsemanship, hard work and rural values. We are proud to bring that spirit back to the forefront of the horse market.

Thank you for being part of it.

15.2 hh. Bred right and built to work, this mare carries the kind of pedigree that speaks for itself - stacked with influence from Freckles Playboy, Freckles O'Lena and Badger Boy Roan. Katie has cow sense, is fun to ride and is kid safe. Katie is an experienced ranch horse. She has been rode in a feed lot for a whole winter, and rode to catch cows from the pasture in the summer. She has also been used to check cows while calving, and we have roped cows and calves off of her. Also used for trail rides, riding lessons and gymkana events. She is a very kid safe horse, is super friendly, and good to work with. Katie has been used to team rope off of a couple times (mostly on the heel side). She was mainly rode by an experienced teenage girl, although anyone can ride her. Katie is good with her feet, and has had shoes on before. Katie can also do roll backs, side passes, and cutting calves.

River River is a 1 and a half year old Hancock mare. We haven't done much with her yet as she was just bought as a companion for another horse we have.

She has been haltered a couple of times and has been groomed lots and is really sweet and quiet. We think she has lots of potential but have too many horses to get to her. She is 14.1 hands presently and is still growing.

We think she should make a nice project horse for someone. She is planning on getting some training in before the sale.

WITH GOOD FOUNDATION!

3 YEAR OLD BAY GELDING | WELSH / QUARTER HORSE CROSS

CONSIGNOR BARRY BUTLER

📍 Roblin, MB 📞 204.773.0544 ✉️ goodonmarsha@gmail.com

Duke is a 13.3 hh, 3-year-old Welsh/Quarter Horse bay gelding with approximately 75 days of professional riding. This cross combines the refinement, intelligence and athletic movement of Welsh breeding with the strength, versatility and quiet mind of the Quarter Horse. The result is a well-balanced, handy horse suited for ranch work, performance events or an all-around family horse. He is developing into a versatile prospect, having been ridden western and bareback, worked around cattle, and exposed to other horses. He is currently being schooled on roping basics and has successfully tracked the dummy.

Primarily trained by an experienced youth, Duke is known for his kind disposition and improving ground manners, including being easy to trim. While he remains green due to his age, he settles nicely with regular work and has demonstrated he can be managed by less experienced riders after being warmed up.

Duke currently possesses a reliable stop, reverse, and responsive forward cues. He is effectively learning to side pass and cross over, with continued training ensuring he will have even more refined buttons by sale day.

📍 TBA 📞 204.821.5076 ✉ andheidegorda@gmail.com

Red Dog is a 10 year old sorrel gelding about 14.2hh with a nice set of papers. Registered with Dual Pep and Peppy San Badger on the top and Smartly Freckled Rio on the bottom. Brains, handle and athleticism. Red Dog was started in the summer of 2023 then was left for the winter. He was rode for a little bit and taken to a feed lot for a couple weeks. He came back and wasn't rode for a couple months. Then we got riding him and got him going pretty good. He's been rode western, bare back and is starting to do cross overs, some roll backs, side passes and has a decent stop too. He has done trail rides, we have roped the dummy off of him and have drug a tube behind him all without incident. We wouldn't say that he is suited for beginner rider but has been getting along really well with a 14 year-old experience rider. He is good with his feet and has been trimmed a couple times. We have rode him with cows, other horses and by himself.

8 TUCKER ALL AROUND GELDING!

8 YEAR OLD GREY GELDING

CONSIGNOR **BARRY BUTLER**

📍 Roblin, MB 📞 204.773.0544 ✉ goodonmarsha@gmail.com

Tucker is an 8 year old grey gelding standing at 15.3hh. He was started as a 4 year old and from there was rode at home for a bit. We played with the barrel pattern on him a bit but he is not patterned by any means. He was rode in a feed lot for a winter as well. He then took a little break and was rode to help start colts and went back to the feed lot for another winter. He was used this last summer in a community pasture checking cows and calves, riding bush and roping livestock off him. Tucker has been tied off on and can hold an animal pretty good. He was also used as a pick up horse at a couple rodeos and has been team roped off of. We have taken him to a couple ranch rodeos too. Tucker has done a little bit of cutting calves in a corral. He seems to do well at it too, this horse loves cows and has a good go button. Tucker would not be a beginners horse but an intermediate rider should get along fine on him. Over all, he's a pretty nice horse and a good looking one at that!

9 RANGER SOLID RANCH GELDING!

2019 BLACK GELDING

CONSIGNOR **WOODROW BANGLE**

📍 Roblin, MB 📞 204.271.0243 ✉ woodrowbangle10@gmail.com

Ranger is a 2019 gelding standing between 15.2 and 15.3 hands, right in the prime of his life and ready to go to work. He's been used at brandings, has dragged plenty of calves, and has experience doctoring cattle out in the field. He's also proven himself reliable in tough conditions—used to check cows in the cold when the quad won't start. Ranger is a handy, working-type horse that would excel in a pasture setting or on a ranch where he can stay busy. He's got real-world experience and knows what a job is. Like any horse, he has a few quirks, but nothing out of the ordinary. With the right rider, he'll make a solid partner for someone needing a dependable working horse. If you're looking for one that's already been there and done that, Ranger is ready to step up for whatever job you have.

📍 Saltcoats, SK 📞 306.744.7998 ✉️ carsonmarc96@gmail.com

DM DUNNIT aka DM, is a good looking 15.2hh true dun gelding complete with tiger striped legs. He has spent his whole life as a ranch horse and has been used for every aspect of work. He has also done some team roping on the head side and been taken on overnight camping trips. Goes out alone or in a group and is middle of the pecking order. He has one man doctored lots of cows and spent his fair share of time in the branding pen. Loads and ties perfectly, great with his feet. Teeth were done 2 years ago. Winters well on just hay and never had maintenance. Has had shoes for working on frozen ground but mainly goes barefoot. Hauls and waters good. Goes through deep rivers, mud, thick brush without complaining. He has been rode by first time riders under supervision but is a forward type horse. I would say the best partner for him would be a youth wanting to step up to an all around ranch horse, especially someone learning to rope. Or, someone who needs a horse around that you can grab anytime and go get a job done.

27 DAISY & DOLLY

PAIR OF HALFLINGER MARES

CONSIGNOR KEN JASPER

Hartney, MB 204.522.5930 emily_jasper@yahoo.com

Daisy (17yrs.) & Dolly (15yrs.) team of Halflinger mares.

Well broke and quiet. 13.2 hands.

Been driven in parades, a wedding, and wagon trail and sleigh rides, including Oak Lake's Harvest festival. Also was used as a lead team in a 4 horse hitch.

A team that anyone can drive. So confident in this pair, my grandchildren learned to drive teams by beginning with this special pair.
