Welcome

On behalf of the True North Horse Sale and Gladstone Auction Mart, we'd like to welcome you and thank you for joining us.

There's something special about sale day — good horses in the pens, trailers rolling through the gate, old friends catching up and new handshakes being made. We're proud to bring together a great set of horses and the hardworking folks who stand behind them.

A big thank you to our consignors for trusting us with their horses, our buyers for coming to find their next good one, and all the sponsors, volunteers and crew who help make this day possible.

Special thanks to K&J Bridgeman for donating in part our Charity Colt Auction filly - Tru Metallic.

Take your time, visit with the consignors, watch the horses and enjoy the day. We hope when the last horse sells and the trailers head for home we can all look back on this sale as one of the good ones.

Welcome to True North Horse Sale — Where Good Horses and Good People Meet.

1 DENVER

2014 BROWN GRADE GELDING

CONSIGNOR THOMASINA DUIKER

📍 Rossburn, MB 📞 204.859.0212 ✉️ gtduiker@gmail.com

Good using gelding or trail horse looking for his person. Denver is a 12 y/o brown gelding with solid build. He is 14.3 hh and was purchased as a sale project. He has been rode regularly by all levels of riders; in the arena, on the trails, open fields and on the track. He was used in a feedlot with a previous owner and has been roped off of (no other information of his past could be produced). We liked the way he looked and the fact that he was used for work and he appeared quite well mannered. He was used for a half day in the community pasture where he handled all the commotion of cattle and horses with ease and interest. Trailers well and stands quiet. He has a solid walk, trot and lope and is very quiet and kind of the ground and in saddle. Easy to catch. He stops on a dime and does not try to trot off at a walk making him a good trail mount.

I would say he has more whoa than go but does walk out when there is something to do. He looks around but does not spook or bolt. Denver has a good handle on him and has very good manners. You can tell someone has spent a lot of time on him. He has been ponied with precious cargo (my absolutely terrified 11 y/o son). We wanted to give Denver a second chance to find his person and believe he would make a good using horse or trail horse. He loves kids and is a nice horse to have around. Some projects you are happy to see go down the road - Denver is not one of those. We would keep him if we could. Recommended for intermediate or experienced rider. He had an exam and his teeth were floated by Bridgeman Performance Equine. Inquiries are welcome. His feet will be trimmed before sale day.

2017 GREY AQHA GELDING | DF BLUE TIMES 2

CONSIGNOR CLINT ANDERSON

📍 Esterhazy, SK 📞 306.740.7822 ✉️ clint_anderson5@msn.com

2017 AQHA gray gelding carrying the proven Blue Boy Doc bloodline. His sire, Sabres Blue N True is a son of Blue Boy Doc - the Canadian performance sire known for producing outstanding ranch and rope horses, including multiple AQHA World Champion Apache Blue Boy. Goes back to Doc's Prescription and the legendary Doc Bar.

Jay is 15.2 and is a well broke ranch horse. He has been roped off of, heel-o-matic and slow steers. Roped and dragged calves at branding over the last 3 years. Has been on several trail rides. This gelding is best kept in a program. When ridden regularly he is good to go. After time off, he needs to be lunged before getting on and we leave the back loose until he's been lunged both ways. Once warmed up, cinch him up and go to work. We're disclosing this so there are no surprises for his next owner.

2013 PALOMINO GRADE GELDING

CONSIGNOR AARON & HOLLY LEWIS

📍 Elkhorn, MB 📞 204.402.0165 ✉️ raft88ranch@gmail.com

14'3 hh with a sweet personality - wants to be your friend. Good solid guy with a nice hip on him. He has been hauled to a few clinics and lots of trail miles. Solid walk, trot and lop with a good handle. Gets in the ground to stop, quiet and easy to handle. No buck or bolt. Trailers well and has good ground manners if you keep him out of your space. Kind, good looking gelding who enjoys people. Same family has owned him since a colt, typically only rode 1-2 times a year so he can be left for long periods of time. Just get on and go type gelding. He is being rode regularly up to sale day - trail riding, arena and track. He's getting comfortable with a rope and has been dragging a tractor tire tube around. He can be hard to catch in a big

pasture but will stand for halter in a catch pen. Thor has also pulled back when he gets in a bind (imaginary or actual) but he is doing better with regular use. He will have his feet trimmed before the sale. He has some scrapes on his back legs from a recent incident in the round pen, we're treating the wounds which are just superficial. He is sound and sane. Thor has been exposed to cattle, sheep, pigs, dogs and quads and very level headed. He will make some somebody a nice horse for trails or checking cattle. He has had an exam, his teeth floated and a tooth removed by Bridgeman Performance Equine (431-302-5002). Inquiries are welcome.

4 KAT

9 YEAR OLD QH CHESTNUT MARE

CONSIGNOR EMMA CHARNEY

📍 Mather, MB 📞 204.859.0263 ✉️ emmacharney@hotmail.ca

Kat is a 9yo, 14.2 HH chestnut mare. AQHA (High Brow Cat bred) but hasn't been registered. Papers are ready to go.

Kat is a well broke, versatile mare with a solid walk/trot/lope. She is responsive to leg, quiet, well mannered and eager to please. I started her as a 3yo, she then was ridden both in and out of the arena, spent time at a 6,000-head feedlot opening/closing gates, sorting/penning/checking cows, good with the rope, she's broke to drive and has seen many trail & park miles. For the past four years, she has been ridden by an inexperienced young girl and has had no issues with her.

She stands quiet, sound, healthy, safe, trailers easily, isn't herd-bound and has a very kind and friendly disposition. UTD on farrier, dewormer and teeth. Kat is the perfect confidence builder all-around mare, suitable for riders of any experience level and ready to excel wherever she's asked to go.

She is being rode Western now and is developing into an extremely versatile riding partner.

This gorgeous mare would be best suited for trail riding, checking cows or 4-H prospect. She trailers well, stands quietly for a farrier and is always first to greet you at the gate.

4 y/o gelding - well started young prospect with useful experience and 45 rides. 14'3 hh. He's been rode outside the arena with more than just circles in an area. He has seen cattle, tracked and roped cattle and doctored. He's handled long days and rough country, crosses water, stands tied, trailers, moves off leg pressure, has a good stop and rides away from other horses. Handy sized, young and ready to continue developing into a trail, ranch, rope or all around using horse. With a good foundation underneath him, the hard part has been done. Take him home, put the miles on and finish your way. Some have even taken a young horse like this with this kind of experience to the performance pen.

CONSIGNOR RAFTER 7 QUARTER HORSES DWAYNE & LORI CHUTE

📍 Churchbridge, SK 📞 306.742.7956 ✉️ rafter7@explornet.ca

Cody comes from the Rafter 7 Quarter Horses program and as such he is big, quiet, versatile and willing. Cody was started by Tyler Quam. He is good to catch, tack up, load in trailer and good with the farrier. Rides out alone or in a group. Prefers the company of other horses but will go on his own if you get after him. Calls out a bit. No buck or bolt. Not spooky. Paws occasionally when tied at trailer alone but does not pull. Good walk, trot and lope. Smooth and gentle gelding. He is being rode regularly until sale day in the open, arena and track. He spent a couple full days in community pasture and handled that well. Little hesitant to get up to the cattle when treating but once we got something roped he stood quiet and held. Didn't mind all the cattle running at times or riding through thick bush. He has a cut on his forehead healing over well from pulling back in the trailer for some odd reason (he's only done that once and has been trailered several times since). He had his teeth done and an exam by Bridgeman Performance Equine (431-302-5002) with no issues to report. Inquiries to the number are welcome. His feet will be trimmed before sale day.

Take a look at Karma. 7 y/o red dun grade Q/H mare standing a stocky 14.2 hh. She has done all aspects of ranch and feedlot work. Started as a 3 y/o and been used consistently. Her teeth were done 2 years ago. Used on the ranch sorting, doctoring and moving cattle. She is very cowy and when she locks on to a calf you better hang on good in the branding pen. Spent 2 winters working at a feedlot as well we have taken her to team roping practices heeling, started breakaway roping where she shows potential making nice consistent runs. She has good feet and is good to trim/show. Only been shod with cleats for winter and never been lame. She can be cinchy and is not good with time off. If ridden regularly she is fine but with time off she needs to be flagged or lunged to work out the kinks for that reason an experienced rider is recommended - that said we have had beginners that enjoyed riding her.

Competing in trail class, pleasure, ranch riding, and such events. He also know the poles and barrels very well. Rosco rides around collected and stops very well. He is one handed broke and catches everyone's attention. He has been out of the box team roping some and runs to a steer quite well. He is not a finished team roping horse at this time but would easily get that way with more experience. Rosco is fun to ranch on and safe to use. Good for farrier and up to date on dentistry.
