# Vehicle History Report + Lien Check (BC)

## Lien Check

❗ Lien Record(s) found in **Alberta**.

✓ No lien records found in **British Columbia**.

### How We Check for Liens

CARFAX Canada uses the VIN to search government records in each Canadian province and territory (excluding Northwest Territories) where the vehicle is currently registered and where it has historically been registered. We do not check for liens or title in any U.S. state.

If a VIN has no registration records in Canada, we cannot check for liens. We cannot guarantee lien checks on trailers, recreational vehicles or heavy-duty equipment.

Purchasers should always get written confirmation from vendors that there is no lien on the vehicle.

### CARFAX Canada Canadian Lien Guarantee

If for some reason our lien check fails to accurately reflect the Canadian enforceable lien status of a vehicle at the time of the search, CARFAX Canada will reimburse the party that purchased the report and relied on it to their detriment to a maximum amount of (1) the value of the car (2) the value of the lien (3) Five Thousand Dollars Canadian (\$5,000.00), whichever is lower.

## Open Recalls

Recall #: TKC-18 | Takata Front Passenger Airbag Inflator Replacement    Recall Date: 2018 Feb 09

### Recall Description

The affected vehicles are equipped with a Takata-sourced passenger side frontal airbag that may be susceptible to moisture intrusion. Over time that could cause the inflator to rupture when the passenger's frontal airbag deploys in a crash.

### Remedy

Subaru will replace either the inflator or the airbag module for the front passenger airbag assembly at no cost to the customer.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact SUBARU or visit Subaru's website. (<https://www.subaru.ca/WebPage.aspx?WebSiteID=282&WebPageID=21091>)

Recall #: WUE-90 | Brake Light Switch    Recall Date: 2019 Mar 01

### Recall Description

On certain vehicles the brake lamp switch could fail. This would cause the brake lamps not to turn on when the brakes are applied. Depending on the model this could cause an inability to shift from park or to start using the push-button ignition. This may also cause problems with the following: anti-lock brake system (ABS) vehicle dynamics control (VDC) and/or Eyesight system.

### Remedy

Dealer will replace the brake lamp switch.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact SUBARU or visit Subaru's website. (<https://www.subaru.ca/WebPage.aspx?WebSiteID=282&WebPageID=21091>)

#### ICBC Disclaimer

The information supplied by ICBC is a report of the vehicle's status and the vehicle's claims history. Vehicle status shows whether a vehicle is qualified to be licensed and is used to track:

- vehicles sold by insurance companies as salvage
- salvage vehicles which have been rebuilt, inspected, and relicensed
- wrecked vehicles that have been decommissioned and can only be resold for parts

The vehicle status may not represent the vehicle accurately for a number of reasons, including a written-off vehicle that hasn't been reported to the B.C. vehicle registry or a vehicle with major damage that was repaired by its owner. The vehicle claims history is a report of vehicle damage and includes repairs paid by ICBC and outstanding damage estimates. It may be incomplete for various reasons, including the owner did not make a claim to ICBC or ICBC has denied the claim. In addition, the estimate information may not necessarily reflect the actual cost of repairs, list the area of the vehicle that sustained the greatest force of impact, or indicate the primary area of damage. Consumers are encouraged to read ICBC's full statement of limitations at <http://apps.icbc.com/registration/vchr/Limitation.html>. ICBC recommends the vehicle be inspected by a qualified mechanic to obtain a more complete assessment of the vehicle's condition.

This vehicle history report is compiled from multiple data sources. It is not always possible for CARFAX Canada ULC or its source data providers to obtain complete information on any one vehicle. For example, there may be other title, brands, registrations, declarations, accident information, service records, recall information, odometer readings or other information where discrepancies that apply to this vehicle are not reflected in this report. CARFAX Canada and its source data providers receive data and information from external sources believed to be reliable, but no responsibility is assumed by CARFAX Canada, its source data providers or its agents for any errors, inaccuracies or omissions. Neither CARFAX Canada nor any of its source data providers shall be liable for any losses, expenses or damages in connection with any report or any information contained within a report, including the accuracy thereof or any delay or failure to provide a report or any information. Other information about the vehicle that is the subject matter of this vehicle history report, including problems, may not have been reported to CARFAX Canada.
