Vehicle Status:

B.C.-registered vehicles may have a status of normal, rebuilt, salvage, altered, or non-repairable.

Please note: Vehicle status alone does not fully describe a vehicle's mechanical condition or damage history.

Vehicle status records are obtained from the B.C. vehicle registry at the date and time of a VIN search. Any changes to a vehicle's status after that date will change the information shown.

The status may not represent the vehicle accurately for a number of reasons, including any of the following:

- A written off vehicle has not been reported to the B.C. vehicle registry.
- A vehicle wrecker or recycler has not reported a vehicle that has been decommissioned.
- A vehicle with major damage was repaired by its owner.
- An insurer denied a claim, or the owner did not follow through with a claim.
- A vehicle was recently written off, but the registry has not been updated yet.
- A vehicle imported to B.C. (either from Canada or the U.S.) had an incorrect status in the jurisdiction it came from.
