COMMENTS

Scan Tool Analysis-Assisted Inspection

1. Check battery voltage/amperage
2. Check charging system
3. Check starter
4. Check cylinder efficiency
5. Check engine timing
6. Check body controller and failure codes
7. Check emission gas recycling valve (EGR)
8. Check canister purge valve system
9. Check idle air control motor (AIC or IAC)
10. Check vehicle speed sensor
11. Check manifold absolute pressure sensor (MAP)
12. Check throttle position sensor (TPS)
13. Check distribution signal (RPM)
14. Check injector opening time (inj. PNTS)
15. Check oxygen sensor (O_2 sensor)
16. Check coolant temperature sensor (ECT)
17. Check ambient air sensor (AAS)
18. Check idle air temperature sensor (IAT)

This image shows a single sheet of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page. There is no handwriting or other markings on the paper.

Under-the-Hood Inspection

19. Check oil leaks and all fluid levels
20. Check engine cooling system and radiator
21. Check power steering and hoses
22. Check brake master cylinder
23. Check A.C. system/A.C. compressor
24. Check air filter
25. Check belts
26. Check vacuum hoses
27. Check windshield washer fluid
28. Check fuel injection system
29. Check ignition system
30. Check engine and transmission supports

This image shows a single sheet of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page. There are approximately 20 lines visible. The paper appears to be a standard notebook page or a sheet of stationery. There is no handwriting or other markings on the page.

COMMENTS

Interior Inspection

31. Check seat belts (front and rear)
32. Check instrument panel, warning lights indicator
33. Check instrument panel lighting
34. Check front and rear defrosters
35. Check horn
36. Check multifunction switch
37. Check power door lock system
38. Check keyless entry system
39. Check remote control mirror operation
40. Check glove box and glove box light
41. Check hood, latch and fuel door cable
42. Check air bag system
43. Check inside rearview mirror

This image shows a single sheet of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page. There is no handwriting or other markings on the paper.

Exterior Inspection

44. Check windshield
45. Check side glasses and back glass
46. Check wiper arms and blades
47. Check body damage(s)
48. Check outside mirror(s)
49. Check all exterior lights
50. Check spare tire and support
51. Check wheels (mag wheels – wheel covers)

[illegible]

Inspection under the Vehicle

52. Check engine oil pan
53. Check transmission oil pan
54. Check all fluids
55. Check oils, coolants and leaks
56. Check physical damage(s)
57. Check upper and lower ball joints
58. Check brake calipers/wheel cylinders
59. Check brake/flex-hoses tubing
60. Check struts/shocks
61. Check tie rod ends/C.V. boots
62. Check upper and lower control arms
63. Check sway bar bushings
64. Check coil springs
65. Check suspension supports
66. Check exhaust system
67. Check emergency brake cables
68. Check front brakes
69. Check rear brakes
70. Check brake rotors and drums
71. Check tire pressure _____lb.

Road Test

72. Check engine performance
73. Check transmission performance
74. Check brake system operation
75. Check steering operation
76. Check steering driveability
77. Check hand brake system
78. Check transfer case
79. Check differential noises
80. Check cruise control operation
81. Check instrument panel gauge operation
82. Check neutral switch operation
83. Check buzzes, squeaks and rattles
84. Check C.V. joints
85. Check overall vehicle performance
