**Andres Torrico** belongs to a family of hunters for 5 generations. He hunted his first wild boar when he was 7 years old and since then he has not stopped hunting all over the world. Their own properties are well known in Spain and with more than 15,000 acres you will enjoy the most traditional European hunting. You will enjoy a very personal and familiar treatment in Andre´s properties in south of Spain where you can combine 5 different species in San Bruno Estate in a 5\* hunting lodge or Las Piedras de la Sal one of the best properties for the Spanish Monteria.

”
