	<b>TOTAL:</b>	

NOTE:

All pricing shown in US Dollars. Trophy fees subject to change.

For Tahr & Chamois hunters we suggest the use of a helicopter to access higher hunting terrain. Additional cost for the helicopter is approximately \$2,000-\$3,000. The cost is reduced if the helicopter is shared with other hunters. The helicopter is **optional**. We also have a Tahr hunting on private land that is an additional \$1,250. You will see lots of mature animals and there is no need for a helicopter.

Trophy preparation for expediting / dip-and-pack is between \$300-\$350 per animal depending on the mount.

Packages & final pricing can be discussed in finer detail for each individual.
