To whom it may concern;

This is to certify that I, Dr. Sidney Griffin DVM, pregnancy tested 65 cows for Britt Venn on March 16<sup>th</sup>, 2026. I found that 43 of them were pregnant between 45 days and 100 days. Three of them were bred earlier and were between 5 and 8 months pregnant. 19 cows were open.

Britt Venn has a list of the cows and their pregnancy status.

Yours truly

*Sidney J. Griffin*
