

MARUPA SAFARIS

SOUTH AFRICA

www.marupasafaris.com

Born in Mpumalanga province, I had the privilege of spending my youth outdoors accompanying my grandfather and father on annual hunts, and using every moment to learn and understand the ways of the wild.

At the age of seven, I shot my first trophy impala, and since then I have received several awards from the South African Hunting Association for hunting Roland ward trophies (2003 SA Junior Hunter of the Year).

My love for the African Wilderness and my hunting success at a young age, played an instrumental role in my passion for guiding hunters and to being a youthful, but experienced professional Hunter.

My strong commitment towards game management and conservation ensures high quality trophies for my clients. I have developed great friendships over the years with many of my clients as we share the rich tapestry of the African Wild.

My childhood dreams: Passion for hunting and friendships built around camp fires. These have been my driving forces in being a professional hunter since 2006. I have guided many successful hunting trips with numerous international clients helping them to hunt world class trophies, and create eternal memories.

Join me and the Marupa Safari Team in making your African dream a reality....
