Hunters may extend the length of the trip or add additional game species, including all varieties of Spanish Ibex, Mouflon Sheep, Fallow Deer, Aoudad, Roe Deer, Pyrenean & Cantabrian Chamois.

Accommodations will be provided at *El Castañar*, our 15th-century hunting lodge nestled in the Toledo Mountains. This historic estate has remained in the same family for centuries and has hosted Spanish Royal family hunts for generations. In other regions, you'll stay in premier hotels and enjoy gourmet traditional cuisine at top local restaurants.

Most hunts take place in vast, free-range "Natural Parks", government-managed wildlife areas akin to National Parks, where hunting is strictly regulated. Game is wild and free-roaming, with virtually no pressure, contributing to an impressive 100% success rate in recent years. These areas are known for producing multiple world-record trophies.

Not included: Hunting insurance (\$95), hunting license (\$295) and 21% VAT on the total value of the hunt.

This hunt is good for 2026 and 2027.
