This vehicle history report is based on [information](https://www.carfax.ca/vehicle-history-data) (https://www.carfax.ca/vehicle-history-data) that was reported and available to CARFAX Canada as of March 11, 2026 (or once all the data was collected from our data sources and the report was complete). CARFAX Canada draws on billions of data records from thousands of sources across North America, and we receive new historical data records every day. **There may be other information about this vehicle that has not been reported to CARFAX Canada.** When buying a used vehicle, we always recommend using a CARFAX Canada Vehicle History Report, along with a vehicle inspection and test drive, to make an informed decision.

# Vehicle History Report + Lien Check

## Lien Check

Almost done! Just collecting info from **Alberta...**

### How We Check for Liens

CARFAX Canada uses the VIN to search government records in each Canadian province and territory (excluding Northwest Territories) where the vehicle is currently registered and where it has historically been registered. We do not check for liens or title in any U.S. state.

If a VIN has no registration records in Canada, we cannot check for liens. We cannot guarantee lien checks on trailers, recreational vehicles or heavy-duty equipment.

Purchasers should always get written confirmation from vendors that there is no lien on the vehicle.

### CARFAX Canada Canadian Lien Guarantee

If for some reason our lien check fails to accurately reflect the Canadian enforceable lien status of a vehicle at the time of the search, CARFAX Canada will reimburse the party that purchased the report and relied on it to their detriment to a maximum amount of (1) the value of the car (2) the value of the lien (3) Five Thousand Dollars Canadian (\$5,000.00), whichever is lower.

## Accident/Damage

There are no accidents/damage reported on this vehicle.

## Registration

This vehicle has been registered in the province of **Alberta in Canada** with **Normal** branding.

**We checked for:** Inspection Required, Normal, Non-repairable, Rebuilt, Salvage and Stolen.

## Open Recalls

Recall #: 0171 | RCL:MY08-11 TOURING/V-ROD ABS Recall Date: 2018 Jan 29

### Recall Description

Field data indicates that an elevated number of motorcycles within the subject population may not have had the DOT 4 brake fluid flushed in accordance with the 2-year maintenance cycle specified in the Owner's Manual and Service Manual, possibly due to lack of owner awareness of the importance of regular flushes on their ABS-equipped bikes. Our testing indicates that if the DOT 4 brake fluid is not flushed for a prolonged period of time beyond the 2-year maintenance schedule, a braking issue may develop. Specifically, over an extended period of time, the DOT 4 brake fluid, which is hygroscopic (i.e., it will absorb water from the atmosphere), may begin to gel, which can lead to the formation of deposits on the brake components.

### Remedy

If covered, the dealer will flush the entire brake system with a new fluid [H-D Platinum Label DOT 4 Brake Fluid] using Digital Tech II. Owners will also be reminded of the 2-year maintenance cycle specified in the Owner's Manual. As noted, this condition is associated with delayed or neglected brake fluid maintenance as specified in the Owner's Manual. Harley-Davidson does not intend to reimburse owners under its Reimbursement Program for costs incurred related to prior brake fluid flushes. However, Harley-Davidson is offering the remedy fluid flush (using the new H-D Platinum Label DOT 4 Brake Fluid) free of charge to all motorcycles within the recall population, regardless of their maintenance history.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact HARLEY-DAVIDSONundefined
